

Accidents and Incidents Policy 2016-17

Recording and reporting of accidents and incidents

Policy statement

We follow the guidelines of the reporting of Injuries, Diseases and Dangerous Occurrences Regulations for the reporting of accidents and incidents. Child protection matters or behavioural incidents between children are not regarded as CP/SEN/Behaviour incidents and there are separate procedures for this.

Procedures

Our accident book:

- is kept in a safe and secure place;
- is accessible to staff and volunteers, who all know how to complete it; and
- is reviewed at least half termly to identify any potential or actual hazards.
- Is filled out for bumps, bruises and minor scrapes.
- We inform the parent of any head injury by phone
- Parents are informed at the end of each day

Reporting incidents

Ofsted is notified as soon as possible, but at least within 14 days, of any instances which involve:

- food poisoning affecting two or more children looked after on our premises;
- a serious accident or injury to, or serious illness of, a child in our care and the action we take in response; and
- the death of a child in our care.

Local child protection agencies are informed of any serious accident or injury to a child, or the death of any child, while in our care and we act on any advice given by those agencies.

Any food poisoning affecting two or more children or adults on our premises is reported to the local Environmental Health Department.

- any work-related accident leading to an injury to a child or adult, for which they are taken to hospital;
- any work-related injury to a member of staff, which results in them being unable to work for seven consecutive days;
- when a member of staff suffers from a reportable work-related disease or illness;

- any death, of a child or adult, that occurs in connection with activities relating to our work; and
- any dangerous occurrences. This may be an event that causes injury or fatalities or an event that does not cause an accident, but could have done; such as a gas leak.

- The following incidents are referred to the School office:
 - any racist incident involving staff or family on the schools premises;
 - children looked after on the premises;
 - the death of a child or adult, and
 - a terrorist attack, or threat of one.
- In the incident book we record the date and time of the incident, nature of the event, who was affected, what was done about it or if it was reported to the police, and if so a crime number. Any follow up, or insurance claim made, is also recorded.
- In the unlikely event of a terrorist attack, we follow the advice of the emergency services with regard to evacuation, medical aid and contacting children's families. Our standard Fire Safety and Emergency Evacuation Policy will be followed and staff will take charge of their key children. The incident is recorded when the threat is averted.

- In the unlikely event of a child dying on the premises, the emergency services are called, and the advice of these services are followed.
- The incident book is not for recording issues of concern involving a child. This is recorded in the child's own file.
